

# Table Care

## Tips for Disinfecting Linenless Tables

Southern Aluminum wants to thank you as a valued customer.

During these uncommon times, we hope you, your families, and your team remain safe.

As we all work to adapt quickly to the COVID-19 situation, we want to assure you we are continuing to provide the best service and support for our products. We all hope that this shall pass quickly, and we will continue delivering the same level of support you are accustomed to for the duration of this situation and beyond!

Our factory in Magnolia, AR is fully operational and remains dedicated to serving your needs.

### CLEAN

To clean surfaces, wipe tables down with mild soap and water with a non-abrasive rag. Dry thoroughly.

### DISINFECT

To disinfect surfaces, use alcohol wipes or isopropyl alcohol (70% or higher) on a non-abrasive rag to wipe down tables. A secondary option is bleach-free Clorox Disinfecting wipes.
