

# EVO

## NESTING TABLES

BUFFET | GRAB & GO | ACTION STATION | CATERING DISPLAY

# ROLLING DISPLAYS

Southern Aluminum's newest next gen rolling display, EVO, provides the next level in evolving service execution. EVO is designed to activate a myriad of meeting and event purposes from buffet and action stations to beverage and retail display. Featuring easy-glide casters and a thoughtfully designed ganging device, EVO maximizes operational efficiencies when transporting to the next event or nesting them for convenient storage.

## FEATURES

1. The durable table top allows for higher impact and features scratch, abrasion, and moisture resistance

2. Tables nest for convenient storage and may be staged as furniture in public space when not in use

3. Durable casters allow for ease in transporting EVO and are equipped with locks to ensure stationary stability

### ADDITIONAL DISPLAY SPACE

4. The complementing side tables can be used to stage coffee station condiments and F&B accoutrements to allow for efficiencies in buffet flow

NESTING TABLES

## SPECIFICATIONS

Sets	Description	Model #	Weight
